

INSTALLATION MANUAL

1. Introduction	1
2. Safety	26
3. Handling Materials, Rigging and Hoisting	42
4. Drawings and Miscellaneous Papers	56
5. Guide Rails	105
6. Machine Room and Overhead Work	162
7. Pit Structures	212
8. Car and Counterweight Assemblies	229
9. Cables and Ropes	259
10. Construction Wiring	280
11. Doors and Operators	333
12. Accessory Parts and Scheduling Systems	373
13. Adjustments	401
14. Hydraulic Elevators	431
15. Escalators.....	458
16. The Elevator Industry	495

CHAPTER 1 INTRODUCTION

-a1 History of Vertical Transportation	1
-a2 Elevator Installation General outline, One Elevator	13
-a3 Elevator Installation General Outline. Elevators in a "Bank"	21

CHAPTER 2 SAFETY

-a1 General	26
-b1 Clothing and Equipment	28
-c1 Methods	32
-d1 Tools Manual	33
-d2 Tools Small (Power)	36
-d3 Tools Heavy (Power) - Skips - Scaffolds	38

CHAPTER 3 HANDLING MATERIALS, RIGGING AND HOISTING

-a1 General	42
-a2 Tools	44
-b1 Rigging	49
-c1 Hoisting	51

CHAPTER 4 DRAWINGS AND MISCELLANEOUS PAPERS

-a1 General	56
-b1 Mechanical Drawing Symbols	58
-b2 Preliminary Drawings	63
-b3 Final Layout	66
-b4 Detail Drawings	71
-c1 Wiring Diagram Symbols	73
-c2 Wiring Diagram Conduit Layout	92
-c3 Field Wiring Diagram	94
-c4 Straight Wiring Diagrams	96
-d1 Standards and Tables	100
Table No. 1 Thread Dimensions and Top Drill Sizes	101
Table No. 2 Wood Screws and Nails	102
Table No. 3 Machine Screws and Bolts	103
Table No. 4 Steel Mill Stock	104

CHAPTER 5 GUIDE RAILS

-a1 General	105	
-b1 Plumbing Hoistways	General	107
-b2 Plumbing Hoistways	Steel Structures, One Elevator	109
-b3 Plumbing Hoistways	Steel Structures, Elevators in Banks	113
-b4 Plumbing Hoistways	Steel Structures, Corner-Post Elevators	114
-b5 Plumbing Hoistways	Concrete Structures, One Elevator	117
-c1 Bracket Fastenings	General	120
-c2 Bracket Fastenings	Steel Structures	122
-c3 Bracket Fastenings	Concrete Structures, Steel Inserts	123
-c4 Bracket Fastenings	Concrete Structures, Malleable Inserts.....	126
-c5 Bracket Fastenings	Concrete Structures, Self-Drilling Anchors	128
-c6 Bracket Fastenings	Concrete Structures, Expansion Shells	130
-c7 Bracket Fastenings	Concrete Structures, Bolts in Concrete.....	131
-c8 Bracket Fastenings	Brick Structures, Steel Inserts	133
-c9 Bracket Fastenings	Brick Structures, Through Bolts	134
	Wood Structures, Through or Lag Bolts (or Screws)	134
-d1 Setting Brackets	Channel Type	135
-d2 Setting Brackets	Bent Steel Types	138
-d3 Setting Brackets	Angle Types	140
-e1 Erecting Guides	Conventional Method	143
-e2 Erecting Guides	"False" Car Method (Working Platform)	149
-e3 Erecting Guides	European Method	151
-f1 Rail Gauges	Distance Boards	153
-f2 Aligning and Filing Guides		156

CHAPTER 6 MACHINE ROOM AND OVERHEAD WORK

-a1 General	162	
-b1 Beam Types	164	
-b2 Steel Structures	Machine Beams	167
-b3 Concrete Structures	With or Without Steel Machine Beams	169
-b4 Machine Foundations	Machine Below.....	171
-b5 Installing Overhead Beams	Machine Below.....	173
-c1 Installing Machines	Geared	175
-c2 Installing Machines	Base Frames for Geared Machines.....	179
-c3 Installing Machines	Gearless.....	180
-c4 Installing Machines	Drum Type.....	183
-d1 Deflectors and Secondary Sheaves	General.....	187
-d2 Deflectors and Secondary Sheaves	Sheaves Turning ON Shafts.....	188
-d3 Deflectors and Secondary Sheaves	Sheaves Turning WITH Shafts.....	192
-e1 Controllers	194	
-f1 Motor Generators	Exciters.....	197
-g1 Starting Panels, Relay Panels and Scheduling Equipment	199	
-h1 Installing Governors	Vertical Centrifugal Type	203
-h2 Installing Governors	Flyball Type	206
-i1 Installing Selectors Floor Controllers, Verniers and Tape Sheaves		208

CHAPTER 7 PIT STRUCTURES

-a1 Pit Work	General	212
-b1 Assembling Channels for Spring Buffers		214
-b2 Oil Buffer Assemblies		216
-c1 Governor Tension Sheaves		219
-c2 Tension Sheaves for Selector and Floor Controller Drives		222
-c3 Compensating Rope Sheaves		225

CHAPTER 8 CAR AND COUNTERWEIGHT ASSEMBLIES

-a1 General	229
-b1 Installing Car frames	236
-c1 Installing Car Platforms Unit Type	241
-c2 Installing Car Platforms Frame Type (Sound Isolated)	243
-d1 Assembling Car Enclosures Passenger	244
-d2 Assembling Car Enclosures Freight	247
-e1 Laying Car Floors Rubber Tile	248
-e2 Laying Car Floors Asphalt Tile	250
-e3 Laying Car Floors Vinyl Tile	252
-f1 Assembling Counterweights Frame Type	253
-f2 Assembling Counterweights Sash Type	257

CHAPTER 9 CABLES AND ROPES

-a1 Ropes General	259
-b1 Ropes Handling and Seizing	262
-c1 Hoist Ropes Single Wrap Traction, 1:1 Roping	267
-c2 Hoist Ropes Traction, 2:1 Roping	271
-d1 Governor Ropes - Installing, Car at Bottom	272
-d2 Governor Ropes - Installing, Car Running	274
-e1 Compensating Ropes	275
-e2 Compensating Chains	277
-f1 Rope Tension	279

CHAPTER 10 CONSTRUCTION WIRING

-a1 General	280
-a2 Wiring Tools	289
-b1 Machine Room Conduit	292
-b2 Machine Room Troughing	295
-b3 Hoistway Wiring Conduit	298
-b4 Hoistway Wiring Troughing	302
-b5 Car Wiring Conduit	304
-b6 Car Wiring Troughing	306
-c1 Machine Room - Pulling Wires	308
-c2 Hoistway Wiring High Rise with Conduit Risers	312
-c3 Hoistway Wiring High Rise with Trough Risers	317
-c4 Hoistway Wiring Low Rise	320
-c5 Car Wiring Handling Wires	323
-c6 Ringing Out	324
-d1 Hoistway Wiring Traveling Cables	327

CHAPTER 11 DOORS AND OPERATORS

-a1 General	333
-b1 Hoistway Entrance Sill General	336
-b2 Hoistway Entrance Sills Templates	339
-b3 Hoistway Entrance Sills Installation	341
-c1 Headers and Supports Sliding Doors	344
-d1 Landing Entrance Frames Installation	345
-e1 Hoistway Door Panels Sliding Type, Installing	348
-e2 Hoistway Doors Swing Type	351
-f1 Closers Manual	353
-f2 Closers Manual With Sill Trip	357
-g1 Electric Operators	359
-h1 Vertical Travel Gates and Doors	366
-h1 Toe Guards and Fascias	371

CHAPTER 12 ACCESSORY PARTS AND SCHEDULING SYSTEMS

- a1 General373
- b1 Car Interior Accessories374
- b2 Car Exterior Accessories380
- b3 Hoistway Switches386
- c1 Landings Hall Buttons, Lanterns and Miscellaneous388
- c2 Landings Position Indicators and Starter's Panels392
- c3 Landing Switches396
- c4 Scheduling Devices397

CHAPTER 13 ADJUSTMENTS

- a1 General401
- b1 Brakes General403
- b2 Brakes A.C.405
- b3 Brakes D.C.407
- c1 Controllers A.C.409
- c2 Controllers D.C.412
- c3 Floor Controllers, Leveling Switches414
- c4 Generators417
- d1 Final Limits420
- d2 Stopping Limits424
- d3 Intermediate (Floor Stop) Limits425
- d4 Stopping Switches426
- e1 Safety Governors429

CHAPTER 14 HYDRAULIC ELEVATORS

- a1 General431
- a2 Preparatory Work434
- b1 Guide Rails440
- b2 Installing Outer Casings, Cylinders and Plungers441
- b3 Installing Machine-Room Equipment and Piping453
- b4 Car Enclosures, Hoistway Doors and Wiring..... 455
- c1 Inspection and Test456

CHAPTER 15 ESCALATORS

- a1 General.....458
- b1 Escalator Equipment462
- c1 Handling Materials466
- c2 Installation Truss 469
- c3 Installation Drives, Machine, Controller, Lower Tension Device, Balustrades, Sub-Decking and Handrail Guides..... 478
- c4 Installation Incline Wiring, Track Brackets and Tracks, Skirt Guard Panel Bracket, Handrails, Lubricator, Step Chains and Steps, Comb and Floor Plates.....486
- c5 Test, Adjustments and Installation of Final Parts..... 492

CHAPTER 16 THE ELEVATOR INDUSTRY

- a1 The Elevator Industry 495
